LESSONS FROM OAK OPENINGS REGION

EHS students enrolled in the environmental science course recently attended Secor Park to learn about the ecological significance of living in the Oak Openings region. The field trip focused on protecting, restoring, and maintaining the plants and wildlife that make the region unique.

The Oak Openings region is a globally significant natural area home to rare plants and animal species extending from Detroit, Michigan into Napoleon, Ohio. The region extends through Henry, Wood, and Lucas Counties and is considered the most biologically diverse portion of Ohio. The Nature Conservancy, a renowned conservation organization, has termed the Oak Openings region as “one of the 200 last, great places on Earth.” According to the Nature Conservancy, this habitat is disappearing at an alarming rate.

“This field trip was important in order for our students to understand the significance of where we live and the region’s impact on the world, says Ken Dymond, science teacher. “Ecologically, there is no other place like it on Earth, and it will be up to them (the students) to protect it for future generations.”

Nature educators were on hand to discuss the history of the Lake Erie shoreline and its predecessor, Lake Warren. Additional topics included adaptability, conservation, and threats to the region, including invasive and endangered species as well as development and urban sprawl. Students rolled up their sleeves and got their hands dirty by taking soil samples, ribbon testing, and examining the sandy environment that is special to the area.

The school program was coordinated by The Nature Conservancy and grant funded by the Ohio Environmental Protection Agency.

CONSTRUCTION UPDATE

The EHS locker room renovation and expansion project is well underway and on schedule. The roof is expected to be complete in November. Phase I, north (boys) side, will tentatively be completed and occupancy gained by the end of January. Phase II, south (girls) side will tentatively be completed and occupancy gained by the beginning of April. EHS looks forward to having updated facilities for both its male and female students. Thank you for your patience during construction. The inconveniences are temporary, and we will soon be back to normal procedures this spring.

FROM THE SUPERINTENDENT

By Eric J. Smola, Superintendent

The 2021-2022 school year is off to a successful start, and we are looking ahead to assure the future state of Evergreen Local Schools.

Throughout 2018, District leaders completed a comprehensive evaluation of Evergreen Local Schools. The result was the of a formal strategic plan, titled *The Viking Compass*, to serve as the directional framework through 2022. We are happy to report most of the goals and strategies will be met by the time the current plan expires. This means it is time to review and establish a new strategic plan to continue guiding Evergreen Schools into the future. Within the next few months, parents and community members will be asked to fill out a survey regarding Evergreen's programs. We greatly appreciate your feedback in this process.

Planning ahead also means budgeting funds for future use. Evergreen currently has three income tax levies that when combined is at 1.5%. The levy breakdown includes: .75% is continuing, .50% is expiring in 2024, and .25% is expiring in December 2022. The expiring .25% is a Traditional Tax Based Levy. When originally created, the levy was at .50%, but it was reduced in 2017 to .25% due to the District's strong financial position. At the September meeting, the Evergreen Board of Education decided to place the .25% renewal levy on the ballot for May of 2022. This is NOT a new tax and will not provide any new funds for any additional projects. This levy funds Evergreen's General Fund. Last year, this levy raised approximately \$670,000 which was used to fund teacher and staff salaries, pay for building utilities, and finance instructional resources and curriculum.

Community support is critical to our ongoing operations of the District and our ability to provide the best education and experiences for our students. Thank you for your continued support of Evergreen Local Schools!

NWOAL UPDATE

While there was much debate this spring whether or not Evergreen Local Schools should maintain its membership in the NWOAL, the Evergreen Board of Education decided that until Pike-Delta-York and Swanton Schools were both prepared to leave the league, Evergreen would continue as a member of the NWOAL until further notice. At this time, all three school districts will remain members of the NWOAL.

KEIFER NAMED COACH OF THE YEAR

Defiance College has named alumnus Jerry Keifer as a 2020 Coach of the Year! Due to COVID, Defiance College had to postpone many of its celebrations and recently awarded its Coach of the Year recipients during its fall 2021 Homecoming festivities. This is the second time Mr. Keifer has been awarded this honor, his first was in 2019. Mr. Keifer has served the Evergreen students as an Evergreen High School teacher and varsity boys basketball coach for 32 years.

SIERAH STRONG CURRICULUM

Evergreen Local Schools is serving as a pilot district with the adoption of the Sierah Strong Curriculum for the 2021-2022 school year. A series of health and physical education lessons, the Sierah Strong Curriculum is designed to teach both self-awareness and self-defense techniques to middle school students.

According to Brady Ruffer, EMS principal, the program will begin with seventh grade students during second semester. The future plan includes expanding the program to all EMS students and potentially EES students over the next few years.

At EMS, health lessons will be taught by Amanda Brehm, school counselor, and PE lessons will be provided by Bob Beemer, PE teacher. Lessons include: staying safe in the community, internet safety, advocating for safe practices, while introducing physical moves and balance techniques related to staying safe in potentially dangerous situations and fighting off an attacker. The curriculum is aligned with social and emotional learning standards and was developed by a team of educators, law enforcement, and mental health professionals. This program is provided at no cost to the District.

The Sierah Strong Curriculum was created by the non-profit organization, Justice for Sierah, Inc. It aims to empower students with functional knowledge and skills to be self-aware and able to practice self-defense. The group's goal is to prevent other families from experiencing the pain of Sierah Joughin's tragic loss. The spirit of Sierah's life continues through the education and practice of lifesaving skills throughout schools and communities. Sierah Joughin was a 2014 graduate of Evergreen High School.

HOMECOMING 2021

Homecoming festivities returned this year after COVID canceled the fun last fall. The theme was "Light Up the Night." A campus-wide Spirit Week kicked off the celebration followed by the home football game against Wauseon on September 24. Even though the Vikings lost the contest, spirits and fan attendance were high. The EHS Homecoming Court was presented earlier that day during the high school pep-assembly where the senior king and queen, Landen Vance and Lydia Valentine, were announced. Attendants were: (gr. 9) Olivia Bonaminio, Annabelle Abec, Konner Sanford, and Layne Vane, (gr. 10) Lyla Nash, Brooklyn Camacho, Jayden Nelson, and Tyson Woodring, (gr. 11) Ahrianna McCabe, Haley Entenmann, Brayden Bull, and Chase Kirk, (gr. 12) Rebekah Bowser, Gracie Boger, RJ Shunck, and Evan Lumbrezer. The week-long festivities concluded with the traditional high school dance on September 25.

BACKPACKS & SUPPLIES

Thank you Fulton County Job & Family Services for providing backpacks and school supplies to every student, grades K-12, in Fulton County. Pictured below are Evergreen students proudly displaying their new items.

EHS STUDENT SELECTED

Chloe Creque has been selected to attend the National 4-H Congress in Atlanta this November. Only 29 youth in Ohio were selected for this honor out of more than 500 applicants. Her selection was based on her many 4-H and community achievements.

NEW NHS MEMBERS

The EHS chapter of the National Honor Society recently held its induction of new members. Students were selected for exhibiting leadership, character, academic commitment, and service to others. Membership is reserved for juniors and seniors only. Congratulations to the new NHS members!

FFA NEWS

- Congratulations EHS Trap Team for winning the annual Fulton County Championship! Evergreen defeated teams from Delta, Wauseon, Archbold, Pettisville, and Fayette. Team members are Isaac Ballmer, Nick Smithmyer, Lilly Herr, Kyle Feedback, Kyle Krispin, Ashton Sayers, Mitchell Gillen, and Levi Ersham. The team is coached by Kevin Bernheisel. The event was sponsored by the Fulton County Sportsman's Club and the Ohio Division of Wildlife.

- The Evergreen FFA competed in the District 1 Urban and Agricultural Soils Contest. Both teams demonstrated their skills in determining the benefits and limitations of soil for specific uses while determining the best land management practices. Evergreen's Urban Soil Team placed first out of 16 schools. Urban team members were: Nick Smithmyer, Gracie Boger, Andrew Gillen, Robert Pennington, Brittney Wallace, Kyle Feedback, Owen Timbrook, and Trevor Johnson. In addition, Nick Smithmyer placed first as an individual out of 84 contestants. Congratulations!

- Students from the ag-mechanics class recently updated the EHS courtyard with a new pergola. Adding benches is the next project on the list.

- Thank you community members for purchasing a chicken BBQ dinner from the Evergreen FFA Alumni on Homecoming night. There were 375 dinners prepared and it was a sell out. A special thank you to the businesses and individuals who donated their time, talents, food, money, and various products. It takes many hands to make this fundraiser a success.

EMS STUDENT COUNCIL

Congratulations 2021-2022 EMS Student Council members. The purpose of the organization is to help promote loyalty and school pride, emphasize citizenship and democracy, give students input in decision making, and encourage classmates to participate in school activities. EMS Student Council members are: (gr. 8) Joe Okos, JJ Johnson, Ryleigh Dennison, Hailey Harmon, Sophia Liggett, (gr. 7)

Brooklynn Schmidt, Samson Blanchong, Marlee Brubaker, Molly Elvey, Nate Emmons, Austin Gillen, Toby Kovar, Jackson Huffman, Lanae Manz, Sienna May, Leah McVey, Alex Paulson, Bella Salazar, Lauren Valentine, Callie Wyse, Kate Wyse, (gr. 6) Waylon Damaske, Brailynn Demoulin, Lilly Finfera, Addyson Gleckler, Emma Hein, Simon Hill, Cahmden Pasco, Weston Placzkiewicz, Lyla Radel, and Maebelle Rettle.

BABY THINK IT OVER

In collaboration with the Fulton County Health Department, Evergreen Local Schools offers the “Baby Think It Over Program” to middle and high school students in its family and consumer science classes. By taking a robotic baby home for the weekend, students experience potential teen parenthood. The program also explores additional consequences of premarital sexual behaviors.

In addition, the Fulton County Health Department offers a curriculum, entitled Love Notes 3.0, to middle and high school students. This abstinence-centered, evidence-based course helps teens build skills and knowledge for healthy successful relationships with partners, family, and friends. Love Notes 3.0 is designed to help young people make wise relationship choices in order for them to reach their educational, employment, relationship, and family goals.

STUDENTS HELPING STUDENTS

When Mrs. Salazar’s fourth grade students learned Hurricane Ida did significant damage to the Jefferson Parish Public Schools’ community in Louisiana, they knew they needed to help. Students decided to collect school supplies for those in need. “This project took on a life of its own, and I am super proud of them and their willingness to help others,” said Mrs. Salazar, EES teacher.
